NOTES

Note 1: Subsection 31(4) of the *TDG Act* stipulates that any non-compliance with the conditions of this equivalency certificate will result in the provisions of the *TDG Act* and *TDG Regulations* to apply as though this equivalency certificate did not exist.

Note 2: This equivalency certificate provides no regulatory relief other than specifically stated herein. Therefore, all other requirements of the *TDG Act* and the *TDG Regulations* apply.

Note 3: No person shall use or apply this equivalency certificate, including the display of its number, when the equivalency certificate has expired or is otherwise no longer in effect. Any alteration of this equivalency certificate renders it invalid. Visit the Transport Canada website for the latest version of this equivalency certificate.

PURPOSE

(The following is for information purposes only and is not part of the certificate.)

This equivalency certificate authorizes the members of the NAAHAC to transport empty means of containment, without removing the dangerous goods safety marks, from their place of business to the manufacturer/supplier facility of the dangerous goods, when they follow the conditions outlined in this certificate.

CONDITIONS

This equivalency certificate authorizes **the members of the North American Automotive HazMat Action Committee (NAAHAC)**, to handle, offer for transport or transport, and authorizes **any person** to handle or transport, on behalf of the members of the North American Automotive HazMat Action Committee (NAAHAC), by road vehicle, means of containment in a manner that does not comply with:

- section 4.9 (Removal or Change of Dangerous Goods Safety Marks) of the *TDG Regulations*,

if the following conditions are met:

- (a) The means of containment contained dangerous goods used by a member of the NAAHAC before they are offered for transport;
- (b) The appropriate dangerous goods safety marks are displayed on the means of containment in accordance with Part 4 of the *TDG Regulations*;
- (c) The means of containment are transported in closed transport units so that the dangerous goods safety marks are not visible in transportation;
- (d) In addition to the requirements of Part 6 (Training) of the *TDG Regulations*, the certificate holder ensures that the personnel handling, offering for transport or transporting the empty means of containment are trained in regards to the conditions of this equivalency certificate; and
- (e) The shipping document that accompanies the means of containment includes the following information legibly and indelibly printed:
 - (i) **“Equivalency Certificate SH 11892 (Ren. 2)”**, or **“Certificat d’équivalence SH 11892 (Ren. 2)”**; and
 - (ii) **“Empty means of containment returning to manufacturer/supplier for reuse”**, or **“Contenants vides retournant au manufacturier/fournisseur pour réutilisation”**.
